

What are you passionate about regarding patient care? Processes? Outcomes?

Please review SON faculty profiles to see experts in research (partner with them)
<https://profiles.ucsf.edu/search/>

- 1) Type any “key word” in Research Topics field. For example, delirium, HIV, workforce, burnout
 - 2) Select “School of Nursing” from the School dropdown.
 - 3) Hit Search.
- “Nurses are the CONTENT experts for the start of many research studies.”
 - o What is your specialty?
 - o What are you passionate about on your unit?
 - o Have you noticed a pattern that you wonder why and when can this stop or think should be adjusted/changed?
 - o Are there similar negative patient care outcomes and you want to do something different?
