

EVIDENCE-BASED PRACTICE TRAININGS

The Center for Nursing Excellence & Innovation is excited to offer three different pathways for EBP trainings and fellowship experiences.

EBP E-Learning Modules

- 10 hours of self-paced learning focused on the fundamentals of EBP
- 10 contact hours available
- Participants may use their ed-leave hours
- Can be accessed by all employees on Nursing Connect

EBP Training Experiences

- **Two Options:**
 - 4-Day Immersion Experience (In-Person)
 - 8-Week Workshop Series (Virtual)
- Participants will complete the e-learning modules in addition to a facilitated synchronous learning experience where participants apply the fundamentals of EBP
- Program Timing: April – May 2022
- 40 contact hours available
- Participants may use their ed-leave hours
- Application required

EBP Fellowship Program

- Participants will complete e-learning modules, a training experience and implementation of an identified health system project
- Program Timing: April – October 2022
- 50 contact hours available
- Funding for participation is shared between the Center for Nursing Excellence & Innovation (CNEI), home unit/department, and participant (ed leave hours)
- Application required
